

INTRODUCING
YOUR **ULTIMATE**
GOLFING
EXPERIENCE

GROWLING FROG
GOLF COURSE
Yan Yean in Melbourne's north

“One of the first and lasting impressions on arrival at the Growling is the magnificence of the site and the serenity of the setting. This classic piece of land truly reflects the character of the Australian countryside.”

Graham Marsh,
Golf Course Designer

 **Welcome to The Frog**

Peaceful and picturesque with uninterrupted views to the magnificent Great Dividing Range, it is hard to believe that you are just a stone’s throw from home.

The Growling Frog will appeal to golfers seeking a different playing experience to Melbourne’s traditional sandbelt courses, and presents a rare opportunity to experience a level of quality and facility that you tend to expect at the best private clubs, all at affordable prices.

Social club players, corporate teams, golfing enthusiasts, weekend warriors and even beginners will be able to enjoy the challenge and intrigue of our course, and keep them coming back for more!

We are happy to assist you with hosting a function, corporate golf day or simply a get together with friends at The Frog, and will gladly welcome any enquiries.

 **Victoria’s First Graham Marsh Course**

Skilfully crafted by master golf course designer Graham Marsh, boasting world-class facilities, clubhouse architecture by Perrot Lyon Matheson, innovative construction technology and a stunning setting, the Growling Frog is one of Australia’s leading public golf courses.

 **Environmentally Designed**

The creation of a dedicated recycled water supply has ensured that there will be plenty of water to keep the course maintained at the highest standard throughout the year.

This innovative scheme, developed by the City of Whittlesea in partnership with Yarra Valley Water, uses recycled water to deliver an environmentally sustainable water supply as well as significant cost savings.

 **The Growling Frog Restaurant**

Perched high above the golf course as part of the architect designed clubhouse, the 100-seat restaurant has breathtaking views across the course, with its spectacular River Red Gums and wetlands, to the Great Dividing Range. What a perfect way to end your game of golf!

 **Spike Bar and Cafè**

From coffee, to a beer, or glass of wine on the balcony, the Spike Bar and Cafè is a modern, bright and friendly place to unwind. With spectacular views of the course and distant mountains, it is the ideal place for a casual get together before or after a game.

The Course

The 18-hole, par 72 course is set on 280 acres of picturesque, gently undulating land and is routed through spectacular ancient trees, creating an inspiring setting and providing golfers with a unique experience. It features a vineyard on entry as well as a purpose-designed driving range, practice putting green, and a green dedicated to chipping, pitching and bunker play.

A determination to protect the natural wildlife while developing the Growling Frog Golf Course has resulted in a magnificent array of natural vegetation and a course that feels established and mature.

New wetland areas have been established and a significant number of indigenous plants planted, all adding to the magnificent look and feel of the course.

Course Facts
